STATEMENT OF PROBABLE CAUSE
(For issuance of an arrest warrant or summons)

I state that on July 27, 2023 while exercising my duties as a law enforcement officer in the EASTERN District of North Carolina within the exterior boundaries of Cape Hatteras National Seashore, I was running stationary radar in a marked patrol vehicle with U.S. Park Ranger (USPR) Anderson on Lighthouse Rd at approximately 2000 hours, when I observed a white truck headed outbound. The truck appeared to be traveling at a speed greater than the posted speed limit of 25 mph. USPR Anderson and the radar unit confirmed the speed to be 35 mph. After the truck passed our stopped patrol vehicle, I observed the truck cross the center/yellow line as it maneuvered a left handed curve.

USPR Anderson stopped the truck, identified as a white 2012 Chevrolet with Pennsylvania license plate . USPR Anderson identified the driver as Harold Wayne GRAFT, III by communication checks through dispatch and his PA driver's license. USPR Anderson asked GRAFT to roll down all the windows in the truck. As GRAFT did so, I smelled a strong odor of alcohol emit from the open window of the rear passenger side of the truck. USPR Anderson asked GRAFT how much he had to drink. GRAFT indicated that neither he nor his passengers, two of which were children, had drunk any alcohol. GRAFT's speech was slow and stunted, and questions had to be repeated to him several times before he answered.

USPR Anderson requested GRAFT to perform Standardized Field Sobriety Tests (SFSTs), to which he agreed. USPR Anderson conducted SFSTs, observing 4 of 6 clues on Horizontal Gaze Nystagmus, 5 of 8 clues on the Walk and Turn, and 3 of 4 clues on One Leg Stand. USPR Anderson requested GRAFT to perform a portable breath test (PBT). GRAFT provided breath samples of .11% BrAC then, after 6 minutes, .13% BrAC.

I arrested GRAFT for violation of 36 CFR 4.23(a)(1): Operate or be in actual physical control of a motor vehicle, while under the influence of alcohol, or a drug, or drugs, or any combination to a degree rendering operator of safe operation.

I requested GRAFT to provide a breath sample on the Intox EC/IR-II instrument at the Dare County Sherriff's Hatteras District Office. GRAFT consented, finding a reported AC of .10 g/210L.

I charged GRAFT with violation of 36 CFR 4.23(a)(2): The alcohol concentration in the operator's blood or breath is 0.08 grams or more of alcohol per 100 milliliters of blood or 0.08 grams or more of alcohol per 210 liters of breath.
